

MSEA Safety Seminar

Dedicated to helping association members create a safer work environment

We must preserve our human resources by preventing accidents and injuries, but what happens after an injury occurs? The actions we take can have a huge impact on our costs and on the employee. The MSEA is sponsoring a seminar --- **Workers' Compensation Claims Management and Fraud Awareness** --- you are invited to attend!

Claims Management will present key concepts regarding the steps you should take after an employee is injured. Delayed reporting increases the cost of a workers compensation claim by approximately 4% per day, working with Pinnacol to manage claims is very important. The topics to be covered will include:

Workers' compensation benefits overview
The workers' compensation rules and processes
How to keep tabs on the claim

Pinnacol Select Net - overview
Top 10 things to include on a 1st report of injury
The components of a modified duty policy

Fighting Fraud will review what the employer can do to help spot suspected workers compensation fraud and how to alert Pinnacol of "things" you might hear or otherwise become aware of. We will also touch on how Pinnacol follows up on suspected fraud.

The seminar will be held at: _____

The date is: _____

The time is: On site registration from _____ or register on line or call
The seminar will run from (3 hours)

This seminar is **FREE for Sisk & Company clients.**
For non-Sisk clients there is a \$50 per person charge, payable by check or cash or credit card at the door.
